A - bout the way that you care, A - bout the things that we share.  
 To say we have our rap - port, To show our love ev - er more.  
 Of what the fu - ture will bring, Of all the songs we will sing.

One lit - tle glance, O yes it may be a chance,  
 One lit - tle sigh, O yes it sends me the why,  
 One lit - tle prayer, A pre - cious mo - ment to share,

But then, I do need to know That you still care for me so.  
 The why our love will not die, And why there's no need to cry.  
 To of - fer thanks to a - bove, For our en - dur - ing true love.
